10 year old girl wins 1st \$100 prize!

A lucky 10 year old girl won \$100 in the continuous sweepstakes at Looney Bird's! While on a school field trip, Bree's classmates watched as she excitedly found she held one of the winning numbers already posted, matching the lucky number on the newsletter she had just been handed only moments before.

Anyone can win who checks their lucky newsletter number against the numbers drawn and posted each day.

Bree Lutzow, 10, lays claim to the first \$100 prize giveaway. When asked whether she was going to save or spend the money, she said, "It's already spent!" She was awarded the money in a fun ceremony hosted by Looney Bird himself! Bree is above on Looney Bird's left.

TV Show plans move ahead! More tapings to come soon.

On May 7th, the first taping of "Live at Looney's" took place, drawing many children and their parents from the Orlando area who participated in song and dance for television cameras. That show is now in the edit stages and is expected to air in early July. As soon as it is scheduled to air, notices will be sent out to our mailing list as to the time and channel assignments.

The new TV show will feature the children and their parents who get up and perform karaoke on the stages at Looney Bird's along with performances of the Rock-Afire Explosion house band and home videos sent in by local families. The show will be taped and aired weekly after the network sees how great it is!

The first taping went very well, with few technical glitches, but a promise was made that night by owner, Aaron Fechter, that a new air conditioning system would be installed as the heat from the TV lights and the huge crowd made things a bit warm. Still, the crowd was excited and pleased by the wonderful performances, finding that their pie plates made great little portable fans. As a side note, the new air conditioning system has been installed and works great!

Scientist Studying Amazing Age-Reversal Effect at Looney Bird's

Pictured above are two of the many participants involved in *age-reversal* research. The men are singing "To All the Girls I've Loved Before" mesmerizing a delighted audience of friends and strangers! Dr. Bird's formula inversely relates the amount of time a person spends doing fun, young things, to how fast the biological clock is ticking.

Dr. L. Bird of Orlando, Florida has chosen his own home town as the site of his much anticipated Anti-Aging research. Many locals will be chosen to participate in experiments, the results of which will be published in this monthly journal.

Dr. Bird's highly acclaimed work on reversing the aging process is centered on the theory that if you have fun and do things that young people do, you can actually control the pace and even the direction of the internal aging clock located in the central cortex of the brain's bi-polar region. There are, of course, critics to Dr. Bird's work, but they're just old fogies.

Dance Teacher Awards

What do baseball teams and dance schools have in common? They all choose Looney Bird's as the greatest place on Earth to host their awards ceremonies. Miss Nancy's very talented students are pictured above. Everyone had a blast as they always do at Looney Bird's, but I can't describe it here. I guess you had to be there. I'm not really a professional writer. Actually, I'm lucky to have a job at all. In fact, if enough people don't read this newsletter and come to Looney Bird's, I'll lose my job.

New Pasta Entrees

With the introduction of Fetucini Alfredo or Marinara, there's now something on the menu for everyone! Pasta, Barbecued Ribs, Salads, Wings, Nachos, Chicken Nuggets, Hot Dogs, Corn Dogs, Cheesetoast, and Desserts prove that Looney Bird's isn't just *whacky*, but *Whacky AND Delicious!*

"More FUN than Disney!"

That's what we've been told by our customers! Thanx everybody! We try!

Ariel & Billybob team up to teach new songs to all kids in July!

All throughout July, Ariel, 7, will be showing up at Looney Bird's to help kids learn to sing in front of an audience. Ariel said, "I used to be scared when I was little, but now I'm seven, and I'm not scared anymore." You may remember her as the little Music Box Doll or the tour guide through the World's Messiest House. Call for dates and times she will be here.

Monday nights: Bring Current Events Tuesday nights: Bring Show and Tell

Don't forget to bring your current events on Mondays! If you see a story in the newspaper or magazine that you think other kids will enjoy or need to know about, it's your duty to let us know!

And, on Tuesdays, everyone is invited to bring something to show off! So far we've seen unusual toys, walkie talkies, key rings with ears hanging off, a talking goose, a record collection from the 60's, rare stamps, a winning lottery ticket, pictures of Michael Jackson, and even a kid's dad. If you have something you can bring in, you'll be the life of the party on Tuesdays!

Looney Bird wants to remind you NOT to bring in your pet cat. He had a bad experience once with a cat he doesn't want to repeat!

You're busy. You need someone to come take orders for the whole office. You want to be called when your food is ready. Call me. Kathy

Kathy will visit your office to take your order

In an effort to help the busy business world enjoy great lunches, Kathy is setting up a route of Orlando offices which she will visit each morning taking orders for later pickup.

She'll be able to help everyone in the office decide what they want to eat, take the orders and make change right there on the spot, so all you have to do is wait for her phone call telling you your food is in the oven and send someone over to pick it up. Of course, if you have the time, you can still dine in. To get on Kathy's Route: call 823-7800!
